

# WILLOW GLEN CHILDREN'S THEATRE

## About WGCT

Serving Bay Area families since 1988, Willow Glen Children's Theatre (WGCT) strives to be one of Silicon Valley's most innovative children's theatres by providing fun programs and performances of original plays. We cast all children in our productions and firmly believe that children are transformed through the magic of theatre.

## Programs

### THEATRE CONNECTION

We present three plays each school year and they all begin in our Theatre Connection Workshop. After getting to know the child actors, our director writes an original play with parts for everyone. Children are immediately drawn into the creative process through theatre games and improvised scenes. Children share the final product with parents, family and friends in December, March and June performances at the Willow Glen Middle School (WGMS) Little Theatre.

### PERFORMANCES

We are celebrating 21 years of new plays!

Performing at the WGMS Little Theatre in Willow Glen, we present three plays a year which are created in our Theatre Connection Workshops. Supported by a staff who grew up in the program, the young actors share their performances with family, friends, and the community.

### FAIRY TALE THEATRE

Opportunity for children ages three to five to use imagination and creativity to bring classic and modern stories to life. Offered seasonally at the Willow Glen Community Center.

### SUMMER CAMPS

Summer Theatre Camp was voted "Best Summer Camp" in *The Mercury News'* Best of Silicon Valley 2009 Reader' Choice Awards. *The Merc* touted the camp for providing an affordable, safe, fun and enriching experience for children. Theatre Camp is a fun-filled four-week day camp in which, children explore their creative sides with daily improvisation activities, working toward a final performance in the amphitheater at Willow Street Bramhall Park.

### OUTREACH PROGRAMS

In addition to the above programs, we offer "custom-built" workshops and classes at local libraries, school, and special events. Please contact us for more information.

WGCT is a program supported by the City of San Jose,  
Department of Parks, Recreation & Neighborhood Services
